## Welcome from Grundy Center Community School President, Kelly Mathews

Dear Delegates,

We would like to welcome you to Grundy Center, Iowa USA and to the upcoming Global Forum for Physical Education Pedagogy 2010. We are honored to be jointly hosting this Forum with the University of Northern Iowa (Iowa, USA).

Our school district and community place a value on health. Providing a quality physical education experience for students in Grundy Center is truly a team effort. Inspiring active, healthy lifestyles in children is our commitment. This program creates a unique experience for our students through the support of our dedicated physical educators, administration, and community.

We are pleased and honored to share our PE program and current practice with you. All parents hope for healthy and happy kids and this model for lifelong fitness behaviors and attitudes will have a positive impact on the future of our children. We welcome you to our community and we look forward to sharing this dynamic program with you.

Sincerely,

Kelly Mathews  
Board President
